

SUBSTANTIA INNOMINATA

- SING THE SONG OF THE UNKNOWN -

"Substantia Innominata" is the 10" VINYL - series by Drone Records, presenting works inspired by or related to "the Unknown" around or within us. OUT NOW (May 2011):

SUB-14 • YEN POX - Universal Emptiness

Finally NEW material (two side-long tracks named ABOVE & BELOW) by this cult project from the US, working with deep e-bass sounds to create a really isolationistic mass of darkest cosmic ambience, a kind of "black hole" ur-drone; when you put this on you are immediately touched by the cold breath of an amorph "otherness" - this sound is so monumental and complex that it seems to suspend not only the mind but also the physis, and you experience intensely that both are the same anyway... there's something in this music that lets you really shiver and feel levitated at the same time.. gloriously, the self is dissolving... **filed under: DARK OCEANIC!** Artwork by the great artist & photographer EYELYFT (eyelyft.blogspot.com) feat. gloss spot printing parts. Lim. edition 500 copies, comes on BLACK vinyl in order to have the best possible sound quality, over 30 minutes of playtime!

[**extra NOTE: the original material was so massive that it needed 3 master-plates before it could be pressed - the primal tracks had to be shortened & de-equalized as they were TOO HEAVY to be pressed on vinyl!]

still available, **LAST COPIES:**

SUB-13 • NADJA - Ruins of Morning

RUINS OF MORNING shows NADJA in a very experimental & dark poetic mood. Their contribution for the "Substantia Innominata"-series (dealing with / drawing inspiration from the "Unknown", "Unnameable" or "Not-Knowable") comes in two long parts based around one musical theme that appears again and again (a great dark harmonic phrase moving through different levels through this epic track), linked by very beautiful drone-sections & more noisy outbursts. Song-orientation and a more experimental sound-art approach are thus combined perfectly. The phantastic lyrics from Aidan Baker point in a very poetic way to an utopian new morning where material values play no role anymore, but a new state of sensual being is settled in an almost J.G.BALLARDian way, when perceptions of the environment (sky, lights, sun) and the beloved (eyes & skin) fall into one..... **Experience the avantgardish drone-**

metal duo at their most dark & beautiful and on their very first 10" ! Edition of 500 copies on GOLDen vinyl, fantastic artwork by Marcin Lojek (ibsendesign.pl). One track in two very long parts, playtime 40+ minutes!!
